## • Description ref n°8105 •

A gate welcomes us into a courtyard where several vehicles can be comfortably parked, or a garage awaits ours.

There is very little overlooking and no noise pollution. Only space and tranquility.

We enter the house through a 15m<sup>2</sup> entrance hall, which first leads to a 13m<sup>2</sup> office with bay windows opening onto the garden. Next to it is a toilet with a washbasin. Next, we arrive in a 51m<sup>2</sup> living/dining room with an open fireplace, where we can access the terrace, garden, and swimming pool. From here, we find a ceiling height of 4m.

Then, a 26m<sup>2</sup> kitchen with its dining area opens onto the terrace with barbecue, and a laundry room right next to it provides additional storage. It also contains the 2007 Vissmann boiler and a sink.

A hallway leads to the 12m<sup>2</sup> bedrooms and a 7m<sup>2</sup> bathroom, followed by a 14m<sup>2</sup> bedroom/bathroom with double sinks/dressing room suite.

At the end of the hallway, the last door leads to the garage with an electric roller door for one car and space for a workshop.

Upstairs, a mezzanine welcomes us into the living room with beautiful 33m<sup>2</sup> wood flooring.

Then we arrive at a 24m<sup>2</sup> master suite: bedroom/bathroom/dressing room.

PVC and aluminum double glazing

Micro-station not compliant

Electric wooden shutters throughout

Electric blinds on the terrace

Water softener

The garden is flat, full of flowers, and part of it is wooded. Terraces allow us to enjoy this environment, and electric blinds are provided for shade.

Outside, there is a well just in front of the house for watering the garden. An 11x5 swimming pool with a depth of 2m, featuring a 2020 liner and pump, and a rod cover.

A pool house with a filtration system and a 15m<sup>2</sup> storage room.
